Valencia College — Employee Recognition
Shelby England

What will the app do?
The employee recognition app will allow employees to share sentiments, kudos and comments that celebrates their colleagues. While the application will mainly be used to recognize departments on intervals, whether that be monthly or bi-weekly, employees will have not only the ability to add comments for any colleague in the system, but also be able to see what recognition their colleagues are receiving.

What technologies will be implemented?
- Animate on-scroll
    o Using for aesthetics
- CVS Uploader
    o Help ease of maintaining
- Image library and uploader
    o For employee profiles and gives the ability for employees to share memes
- Passport
    o Used to encrypt usernames and passwords
